Have your say on the future of transportation in Ajax!

The Town is updating its Integrated Transportation Master Plan (ITMP): a plan
that establishes a long-term vision for moving people and goods within Ajax.
The ITMP guides future transportation investment and decision-making on
long-term transportation improvements. The update will consider all ways of
getting around, recent trends and policy changes, safety, accessibility, and
connectivity for everyone.

Share your thoughts by completing our survey. The survey will be open until
September 25.
